

Mechanical Warranty

Mechanical Warranty

Your absolute peace of mind that when your vehicle breaks down with mechanical or electrical failure you have extra special protection against the unexpected high repair bill.

Why do I need this?

Because vehicles break down! Major mechanical or electrical failure can break your bank. The Mechanical Breakdown Warranty program protects you from costly and unexpected vehicle repairs.

The financial cost of these repairs can be devastating. A new engine, gearbox, differential or clutch can wipe out your savings with one cruel clank. The technological advances in motor vehicle engineering and electronic components have made the cost of motor repairs almost outside the average motorist's affordability.

Is it worth the gamble?

Every cent counts and by purchasing the Mechanical Warranty for your vehicle you are protecting yourself from the unnecessary stresses and anxiety that come with the responsibilities of owning a vehicle.

Mechanical Warranty is ideal protection because...

- It's accessible - no hidden agenda's or confusing jargon, so what you see is what you get
- It's convenient: It covers a huge range of parts, including the engine, gearbox, clutch, electrics and suspension for up to two years and for unlimited kilometres
- It makes financial sense: the warranty is transferable, so it adds to the resale value of the vehicle
- It's easy: You choose the appropriate level of cover based on how much you can afford and the type of vehicle you have
- Most importantly - making a claim won't change the cost of the warranty.

Benefits

- Don't let a major mechanical failure break your bank
- The Mechanical Warranty is there to give you, the owner, peace of mind and reassurance. Our lives are full of worries, and while Mechanical Warranties will not prevent your motor from failing you, it will at least take care of the financial worries that come with such failure.
- All policies include roadside assistance
 - Flat Tyre, Battery Jump-Start, Car Lockout , Emergency Fuel delivery (R 500 per incident)
 - Towing & Overnight Storage (R 1,000 per benefit)

PLEASE ASK YOUR BUSINESS MANAGER ABOUT THE WIDE RANGE OF OPTIONS AVAILABLE.
